

What does your heart feel called to do? Hop on a service trip and connect with the kids we support in Mexico? Donate money to help us offer more healing support for kids who long for love and belonging from a stable and constant caregiver? I'd love to hear what's on your heart and create a way for you to partner with us.

**A CHILD'S
HOPE**
FOUNDATION

2023 BECAUSE OF YOU

February Stewardship Report

Featured Story

Working with Back2Back Ministries

In February, A Child's Hope Foundation and Back2Back Ministries in Mexico became official partners! After a few months of conversations and planning, Jaime and Cam started training the B2B-Mexico Thrive Team. The current plan is to have the Thrive Team focus on their children's homes in the state of Nuevo León, while also building out new Thrive Teams at their other sites around Mexico. They are leaders in the field of family style care and have built a process for helping get kids out of facilities and into foster families. They have a strong relationship with the state government agency over childcare (DIF Nuevo León) and are willing to help ACHF build our relationship with DIF.

Thank you for your support, for any questions about getting involved in any way, feel free to reach out to Joni.

How You Serve

THE JOY OF SERVICE

Doing a service trip in Mexico is one of my family's favorite things to do. We love getting to know the kids, serving alongside other amazing volunteers, and finding joy in helping others. This trip was especially awesome because we had a lot of donations to help buy the kids a huge grocery haul. I loved seeing so many people come together to love and serve the kids at Rancho! - Kinsie Myers

Trips are \$430/person (\$465 for holiday trips) and do not include travel to San Diego. These are great for volunteers of all ages! For any questions, reach out to Sydney.

Will You Help Us?

MEDICAL EXPENSES

The director's wife, Meche, sprained her ankle and needed medical attention for the incident. Meche required x-rays, medication, an ankle brace, and continuous check-ups. One of the other caregivers, Eloisa, detected a cancerous tumor in her brain and needs treatment.

ADOPT THIS PROJECT

DENTAL NEEDS FOR NEW CHILDREN

The home recently received two little girls, both 5 years old. They both have severe dental issues. The dentist is recommending aggressive treatment to stop the bacteria and gum infection. The cost for both kids is \$800.00

ADOPT THIS PROJECT

MATERIALS FOR PANTRY REPAIRS

Because of the heavy rains in November in Tijuana, the roof of their pantry and supply closet collapsed at Casa Hogar Sion. They had to empty and discard a lot of the food and material that was damaged from the rain. They'll have to replace everything that was lost, in addition to raising the money needed to replace the roof.

ADOPT THIS PROJECT

Project Completed

Did you know that you can raise money, then go buy supplies in Mexico for the kids? Qiana started a fundraising campaign called "Soap for Orphans" and after a lot of hard work, she was able to raise \$905! She raised enough funds that while in Mexico, she was able to buy all of the hygiene products needed and still had plenty left over to purchase food for the home. We are so grateful for Qiana and all who donated.

THRIVE ASSESSMENT COMPLETED:

[VIEW IMPROVEMENT ROADMAP](#)

RIGHT TO LIVE WITH FAMILY

The directors, Eva and Freddy, have created a loving environment for the children to feel part of a big family. They motivate sibling groups to play, eat and share time together, and try to foster unity and permanence among them. In this home, you can feel a loving family atmosphere!

RIGHT TO A STABLE ENVIRONMENT

Mama Eva talks with the children to discuss important issues, improve coexistence, give them love and set the best example. They have a system of rules based on positive discipline that allows the children to take responsibility for the consequences of their actions and to remedy their bad actions.

RIGHT TO HEALTHCARE

All children receive medical check-ups and examinations, dental and vision screenings, as well as the fitting of prescription eyeglasses. All children are given the opportunity to receive medical attention and receive treatment in case of emergency.

Our Partners

Strategic Partnerships

Realty Path is a company based in Sandy that works with 1200 real estate agents all over Utah. They invited us to their annual awards ceremony in February as one of their chosen non-profit organizations. Every time a Realty Path agent sells a home, they can choose to donate a percentage of the sale to three local non-profits chosen by Realty Path. The Realty Path brokerage matches all of those donations. This is the second year that Realty Path has made a donation to A Child's Hope Foundation (ACHF). They like partnering with ACHF because they know 100% of their donations go directly towards the kids we serve.

Global Program Partner Spotlight

I visited the One Heart Bulgaria team in Bulgaria last May with our Programs Director, Jaime. We were blown away with the work they do and what we can do together as partners in healing. Our collaborative work includes:

- Administering the Thrive Certification Program with five children's homes in Bulgaria (called Family Type Care Centers) so they can steadily improve the quality of leadership and care in the home.
- Sponsoring the One Heart Bulgaria's mentorship program so kids in Family Type Care Centers can receive personal attention from Babas (grandmas). These women provide stable, loving care. Their service helps the orphans feel love and belonging. They also provide tutoring and mentoring, just like your favorite grandma would.
- Supporting One Heart Bulgaria therapists as they are working to effectively increase the psychological healing opportunities to kids in homes.
- Creating communities of practice in government and in the nonprofit space through round table conferences in Bulgaria. One Heart Bulgaria's partnership with us goes beyond the borders of Bulgaria. Founding board member and Trustee, Kelly King, attended A Child's Hope GIVE HOPE gala last fall, her daughter Emma was a service volunteer at Ranchos de los Ninos last year.

Greg & Jane Cloward are part of [A Child's Hope Aunts & Uncles \(monthly donors\) Program](#), and they also support Baba's (house mothers) through One Heart Bulgaria. Four years ago, Greg & Jane served a service mission to Bulgaria. They still hold a special place in their hearts for the children in Bulgaria who are in the process of healing and building new lives. Back home in Provo, Utah, Jane sews leg braces, hospital gowns and baby blankets for kids and young women that One Heart Bulgaria supports.

Past Event Highlight

NEWSIES FUNDRAISER

The Family Leadership Academy put on a production of Newsies and decided to donate 100% of the proceeds to A Child's Hope Foundation! Thanks to their performance, they were able to raise thousands of dollars to support children in orphanages around the world. We are so grateful for them. On top of their generous donation, 46 of these young performers and parents will also be going on one of our service trips to an orphanage this May. We can't wait to see them there! Thank you so much to everyone who attended and supported us and this awesome group.
